Madame Ousmator

I.D.F. BAMENDA

N.W. Province

MADAME,

A LETTER OF CONGRATULATION

As members of the above co-operative, we are writing to congratulate you for the education we have gained from the numerous workshops organised by you and the I.D.F. We want to say that we over-estimate the lessons learnt from these workshop. These workshops have been of great benefit to us especially in the domain of efficient - co-operative management.

It would be unjust on our part if we forget to thank you for the manuals you always provide at the end of each workshop. These manuals enables participants to revise and to better understand what they learnt.

Our wish is that more workshops be organised by you so that we can continue to gain from your rich experience.

May God bless you abundantly.

Thank-you

Toh Zacks Kelah
